

# MATTEO ZUIN – CURRICULUM VITAE

First name	Matteo
Surname	Zuin
Institute	ISTP (Istituto per la Scienza e Tecnologia dei Plasmi) CNR and Consorzio RFX, Corso Stati Uniti 4, 35127 Padova, Italy
e-mail	<a href="mailto:matteo.zuin@igi.cnr.it">matteo.zuin@igi.cnr.it</a> <a href="mailto:matteo.zuin@unipd.it">matteo.zuin@unipd.it</a>

## PERSONAL INFORMATION

*Place and date of Birth:* Padova (Italy) March 21<sup>st</sup>, 1971

*Nationality:* Italian

## EMPLOYMENT

*December 2009 – Present. Research Scientist*, Consiglio Nazionale delle Ricerche (National Council of Research, CNR) at Consorzio RFX, Padova (Italy)

*2005 – 2009. Research Scientist*, at Consorzio RFX, Padova (Italy)

## EDUCATION

*2004. PhD in Energetics*, Università di Padova

*2001. M.Sc. in Physics*, Università di Padova

## SUMMARY OF EXPERTISE

- Task Force Leader of the Task Force “Tokamak Operation” for the RFX-mod experiment
- RFP and tokamak devices operation in different scenarios of plasma current
- Experimental expertise in magnetic and electrostatic diagnostics of fusion plasmas by means of high frequency insertable and in-vessel probes
- Experimental expertise in neutron and gamma diagnostics for fusion plasmas
- Experimental expertise in neutral particle diagnostics from charge-exchange processes, for ion temperature measurement
- Experimental and theoretical expertise in plasma electromagnetic and electrostatic instabilities (e.g.: Alfvén eigenmodes, Drift waves, Interchange, Tearing and Microtearing modes) and characterization of magnetic reconnection processes
- Development of low power atmospheric plasma sources for plasma medicine application
- Adjunct Professor at the University of Padova
- Supervisor of undergraduate, graduate and PhD students
- Referee for plasma and/or general physics journals (including Physical Review Letters, Nuclear Fusion, Physics of Plasmas, Plasma Physics and Controlled Fusion, Scientific Reports)

## SUMMARY OF PUBLICATIONS

- 117 papers (16 as leading author) in peer-reviewed journals.
- 4 international and national patents
- More than 2300 citations in total
- H-index: 24 (ISI Web of Science)
- 200+ conference contributions (10 invited contributions)
